# HOW TO

1. Download the Ripples Web App QR code to use today! Find it in the Ripples Care Center [Here](#) in 3 different ready to use file types!
2. Open up your Camera on your smart phone, most devices these days will automatically detect the QR code, if yours doesn't check your camera settings.
3. Once the QR code is detected by your camera, you will notice a pop up, follow the link to the Ripples Web App!

# IN APP FLOW

Allow the Ripples Web App to use your device's location to find the Ripple Maker nearest you. You must have your GPS/ Location services turned on for this to work

Tap enter to get started! Or for a list of locations tap "I'm not at this location"

# CHOOSING FROM THE LIBRARY

In the library you will find any channels that you have uploaded through the Ripples Cloud and the same Ripples Channels you have on the Ripple Maker – your channels will appear first in the app.

If you choose a design that you can customize you will be brought to the text screen- tap submit when you are ready to send to the Ripple Maker!

# CREATING CUSTOM TEXTS

Tap Text to send a custom text to the Ripple Maker

Try out the different fonts and tap to change the layout

Tap "Submit" to send to the Ripple Maker, and show your number to the staff to print your creation!

# SENDING A SELFIE

Select a photo or take one with your camera- a white background is best

Play with the filters to adjust the lighting, a photo with high contrast is best. Pinch to zoom and place the selfie in the center

# SENDING LOGOS

Tap Photo and choose the logo from your gallery

Tap Logo to darken the logo for best results & hit submit.

# USING FRAMES

Take your contrasted selfie and add a frame by tapping the frame icon in the top bar

In the frame menu try out the different frames available by tapping and scrolling through. You can pinch to adjust the photo so it fits the frame.

# CREATING FRAMES

Create your own custom frames for the holidays or any event. Add your hashtag or handle so it will increase your social media coverage and people will know where to find you.

[Find the Frames tutorial here](#)

# PRIVATE WEB APPS

A private web app will allow you to connect to your Ripple Maker directly . Created with your brand colours and your logos!

Ask a sales Rep if this is something you need:  
[sales@drinkripples.com](mailto:sales@drinkripples.com)

# THE RIPPLES CLOUD

You can pick and choose what content goes on your Ripple Maker & The New Ripples Web APP

[Tutorial to Uploading to the Ripples Cloud](#)

# INSTORE COLLATERAL

Feel free to use the Ripples QR code where you would like! You can easily add the QR code to existing print or digital signage!

[Download QR Codes](#)

To make things easy we made some new posters and table tents with the Ripples Web App QR Code already inside. We also left a space for you to add your logo! Download the posters and table tents [here](#).
